

FOR IMMEDIATE RELEASE

Sun Pharmaceutical Industries, Inc. Donates 2.5 Million Hydroxychloroquine Sulfate Tablets in the U.S. For Potential COVID-19 Treatment

Princeton, NJ March 27, 2020: Sun Pharmaceutical Industries, Inc., USA, (SPII), a wholly owned subsidiary of Sun Pharmaceutical Industries Ltd. ('together Sun Pharma,' Reuters: [SUN.BO](#), Bloomberg: SUNP IN, NSE: SUNPHARMA, BSE: 524715), announced that it has donated 2.5 million hydroxychloroquine sulfate tablets for use in the United States. Sun Pharma is seeking to enable health care experts meet the growing patient demands for this product as they assess its potential to treat COVID-19 through clinical trials.

"At Sun Pharma, we are resolute in our purpose to help people live healthier lives and stand united in our global fight against COVID-19," said Abhay Gandhi, CEO, Sun Pharma, North America. "We are working with supply chain partners and wholesalers to help ensure swift delivery to areas where it will provide the most benefit as the clinical trials progress."

Hydroxychloroquine sulfate tablets manufactured by Sun Pharma are approved by the U.S. Food and Drug Administration (FDA) for the treatment of a range of conditions including malaria, lupus erythematosus and rheumatoid arthritis. [Hydroxychloroquine](#) is not currently approved for use in the treatment of COVID-19; however, it is currently under investigation as a possible treatment option for coronavirus.
