Logo Guidelines - Clear space

The required clear space for the Sun Pharma logo is illustrated below. A minimum clear space equal to or greater than "X" (half the width of the Sun Pharma logo) is required on all sides surrounding the logo, so it does not compete with other images, graphics and text. Do not place any elements inside this clear space.

The logo should not be boxed in any particular shape, this is merely a demonstration of the 'minimum' clear space required around the logo at all times.

Logo Guidelines - Incorrect logo use

The Master logo (Grey or black version) should preferably be placed on a white background but may be placed on colour backgrounds, on lighter backgrounds the black version of the logo should be used as demonstrated below.

Do not under any circumstances change the orientation of the logo

Do not enclose the logo in any shape, unless in the case of Facebook or for the use of digital profile images, minimum clear space requirements must be met.

Do not alter the shape, form, size or colours of the logo in any way

Do not add anything to the logo

White variation logo should be used on primary orange background

Do not use the logo on a busy background

Do not place anything inside the clear space around the logo
